8 Checking and retelling the story

A Circle all the **they** words. How many are there?

It was Polly's birthday. Sal and Polly went to a theme park, Cloud Nine.

They looked at the map to plan their day.

First, they went to see the dolphins and watched the show.

Next they saw the big roundabout. They went round and round and then in and out too.

Then they found the Slide and Glide. A girl came down very fast and splashed.

At the end of the day they were tired so they sat in a café and rested.

They both had a drink with a straw and Polly got a Cloud Nine birthday bag.

It was a fantastic day out and they felt very happy.

Dear Bibiji,

I wanted to tell you about a big adventure

I had yesterday!

We went to the beach.

We were just sitting in the sun when a man
jumped up and ran down to the sea, shouting.

What was happening?

A boy was in too deep and was in trouble.

The man dived into the water and saved the boy.

It was a happy ending!

We didn't go swimming then but got ice creams
and went back to the house.

Love from,
